

Investing in the Loan Fund Builds Ministries and Changes Lives

Loan Recipient: Deer Flat Church

Location: Caldwell, ID

Loan Purpose: Construct a 23,000 sq ft addition

Loan Amount: \$1,400,000

Year of Loan: 2018

Prior to reaching out to the Free Methodist Investment and Loan Fund, the Deer Flat Church was facing several logistical obstacles. Their children's area was difficult to find. The kitchen area was not adequate to serve an expanding congregation. And there was not a good space for relationship-building between services.

With a loan from the Free Methodist Investment and Loan Fund, Deer Flat's congregation has added a children's wing off the main entrance, increased the size of its lobby to facilitate fellowship, installed a commercial grade kitchen, improved storage space, and constructed additional restrooms. Together these improvements allow the church to create more opportunities to effectively serve their community in the name of the Lord.

THANK YOU to everyone involved with the Free Methodist Investment and Loan Fund who has made Kingdom expansion a reality for the Deer Flat Church and so many more. It is only due to your faithful trust that we are able to serve so many growing congregations. May the harvest continue to increase!
